

TOWN OF NEWTON, NH

OFFICE OF THE SELECTMEN

RESIDENT STICKER POLICY

(Amended 08/15/2017)

Resident Stickers will be issued to Newton Residents only (those that claim Newton as their primary place of abode). Newton Seasonal Residents may apply to be issued a temporary mirror tag by the Selectmen's Office that will be good from January through December of the current year. Requests in writing may be made to have the temporary tag mailed to their Newton address as long as a self-addressed, stamped, legal-size envelope is included with the request.

The following list is intended to verify the resident sticker number with the registration plate number, to protect Newton's tax-payers use of the Transfer Station, Town Beach, Greenie Park and the Wilder's Grove Road Boat Access.

1. Only one sticker will be issued per car registration. Limit six stickers per household. Stickers may be purchased for \$5.00 each for any additional vehicles over the limit.
2. Resident must show the car registration for the vehicle on which the resident sticker will be affixed.
3. New Residents must provide "proof of residency" (i.e. sales and purchase agreement, property deed, tax bill, rental agreement, etc.) before a sticker is provided. A temporary mirror tag will be issued by the Selectmen's Office until the car is registered in Newton, NH and their license is changed to a NH Driver's License.
4. Residents using another person's vehicle including vehicles registered to a business may be issued a temporary permit (mirror tag). Resident will need to provide to the Selectmen's Office proof of residence. *(Amended 06/17/14)*
5. Sticker must be visible through the windshield of the vehicle, or vehicle may face the risk of being towed and/or issued a parking violation if parked at the areas of the Town Beach, Greenie Park or at the Wilder's Grove Road Boat Access.
6. Transfer Station Access Requirements:
The Plate # will be written on the resident sticker before issuance and the resident sticker must be affixed in the lower left corner of the windshield above the inspection sticker to enter the facility.

7. The Town Clerk/Deputy Town Clerk will verify the car registration and will mark the town and the resident's copy of the car registration, with the same color as the sticker color, showing that a resident sticker has been issued for that vehicle.
8. If the vehicle is sold or the plates are transferred to another vehicle, a replacement sticker will be issued, free of charge, if all or the majority of the resident sticker is provided at the time of the replacement request; otherwise a replacement sticker will be issued for a cost of \$5.00.
9. Campers are not considered temporary or seasonal residents and are ineligible for resident stickers or temporary permits (mirror tags).
10. No person or company shall use the Transfer Station for the business of hauling and disposing of Newton's residential waste.
11. Commercial/Industrial businesses are required to obtain private rubbish pick-up service. Such rubbish shall not be deposited at the Newton Transfer Station.
12. Newton residents can deposit and remove reusable household items at the Transfer Station in the area designated for such use, now known as the "Swap Area" and can deposit cordwood that do not exceed two (2) feet in length in the "Cordwood Area".
13. Newton residents are allowed access to the compost pile for drop-off and removal.
14. No other items can be removed from the Transfer Station except on explicit written authorization from the Board of Selectmen (i.e. metal, aluminum, newspaper, etc.).
